The past few days have slightly increased this sum, so that the mayor now returns \$3,660.25 as the product of fines for the year. This is more than double the amount realized from fines by any of the producessors of Mayor Strauss. The returns of the mayor show also a large increase in the amount of licenses collected; and the tax collectors will also return larger collections of current taxes than last year, so that the city's income will be this year larger than heretofore from these two sources. The amount of tax arrears has, however, steadily decreased year by year, and the collections are now but little expanded from that source.
